I would like to attend the BOCC meeting on 12/21/2022 virtually. I am interested in Agenda item 15. I do not necessarily need to provide comment but am willing to if asked by others.

I am asking to attend as a representative of the Oregon Department of Fish and Wildlife for the Tillamook office. Contact information is below. Thank you.

Robert

County Commissioners,

I Would like to attend virtually and provide input on item # 15 addressing solid waste violation at 22250 East Beaver Creek Road. Cloverdale , oregon 97112.

My information:

I border the 222050 on both sides of East Beaver Creek and very concerned about the illegal approach , the hundreds of tires used as fill in the road approach and hundreds more tires used as a barrier in stream flood plain.

Appreciate the opportunity .

Thank You,

Jim Mahannah

Question/Comment:

With regards to the Board of Commissioners Meeting tomorrow, December 21st, 2022. Item #15 regarding solid waste disposal violations at 22250 East Beaver Creek Rd. My concern is about the attempted construction of a non permitted road approach . As a farmer and resident of East Beaver Creek for 31 years, I have obtained permits and went through the legal process of putting in at least three different road approaches. I have a 95 acre parcel that I would like to approach in five more places. If what I see happening at 22250 is allowed, I will receive the message that this is okay for me

as well. I would hope not, as I am aware of the safety features that are built into the permitting process. Thank you, sincerely, Bruce Roos and Merry Christmas

My wife and I run a small creative online business in the Nehalem Valley and would be negatively impacted by a rural business license program.

We are opposed to a rural license program by any name.

It didn't go unnoticed that the EDC and the Commission planned for the entire public process for Ordinance #88 to take place during business hours between Thanksgiving and Christmas, a time when almost all business owners are highly distracted.

It also didn't go unnoticed that this proposed policy was written entirely by politicians and elites, operating within their own echo chamber, without input from the business owners themselves.

A County-wide rural business license program is an outrageous and unprecedented overreach. This is not economic development. This is a disproportionate punishment on rural business owners -- the backbone of Tillamook County.

I object to Commissioner Bell and EDC Director Terre Cooper continuing the process of the rural business license. And I am concerned that they are doing so by hand-selecting a work group outside of the public process.
