EXHIBIT A

Forensic Interview Services to be provided by TFCC under the CAMI MDT grant

Child Abuse Forensic Interview Services to be provided by Forensic Interviewer(s) employed by TFCC will be conducted under guidelines established by the National Children's Alliance.

Forensic interviews are to be conducted in a manner that is legally sound, of a neutral, fact-finding nature, and are coordinated to avoid duplicative interviewing. The purpose of a forensic interview is to preserve a child's statements for use in assessing safety, criminal allegations, and treatment needs.

Accreditation standards for Forensic Interviews can be found at

<https://www.nationalchildrensalliance.org/wp-content/uploads/2015/06/NCA-Standards-for-Accredited-Members-2017.pdf>

It is estimated that Forensic Interviewers employed by TFCC will conduct approximately 150 hours of forensic interviewing services during the 2nd year of the grant cycle.

EXHIBIT B

Coordinator/Executive Director to be provided by TFCC under the CAMI grant

The following are required services of the position-

1. The Coordinator/Executive Director will be the direct link between all agencies in the Multidisciplinary Team. The MDT provides high-quality and individualized care to the child and requires much collaboration.
2. Coordinate and schedule both the forensic and medical interviews with the victim. This will require communicating with the MDT and the victim's family. This requires the Executive Director to actively connect with the team to keep them apprised of every victim's situation.
3. To follow up with the victims and their families. This requires communicating with the child and family after the initial visit at the center.
4. To connect with the community to promote the CAC's goals. Build and maintain community relationships by educating and engaging with the public.
5. To build the CAC into a non-profit, stand-alone center, run by an Executive Director and overseen by a Board of Directors. This a long-term goal that will create a Child Advocacy Center that makes a difference.
