

New Resources from the State Library!

During the 2003-2005 biennium, the Oregon State Legislature authorized Library Services and Technology Act (LSTA) funds to subsidize the purchase of basic electronic resources for all Oregon libraries under the Oregon Statewide Database Licensing Program. From 2005 to 2009 the LSTA funds provided a 50% subsidy for academic and public libraries and fully funded school and tribal libraries. As of September 1, 2009 LSTA funding will be used to fully subsidize the 18 databases being provided by Gale/CENGAGE Learning.

Reflecting the change in state funding, Tillamook County libraries will be switching from our current EBSCO database subscriptions to the LSTA funded Gale/CENGAGE databases. All Tillamook County databases can be accessed with your library card at www.beachbooks.org by clicking on the database tab.

Staff's Choice! The Bagthorpe Saga

by Helen Cresswell

The ten novels that make up Helen Cresswell's Bagthorpe saga are not to be missed. The storytelling is wonderful, and with characters like Daisy (a fire starting, goat owning four year old) the plots move along at a hysterical pace.

Set in a pitch perfect 1970s suburban England, these books follow the lives of the Bagthorpe family, where being the most clever and the most brilliant are the only things that matter. The saga begins with *Ordinary Jack*. Jack, the middle child, is the least talented and most overlooked Bagthorpe. With the help of his Uncle Parker he concocts a scheme to convince the family that he is a modern-day prophet.

These delightful novels are great for young adults or anyone who appreciates comedic Britcoms.
