

## Welcome to SRING at Your Library

### New! Online Storytime!

You and your kids have been missing live storytimes... and so have WE! So until we can safely gather in person, TCL staff will be presenting a new online storytime every Monday. Watch for the new link each week on Facebook or our YouTube channel. [Click here to see Miss Angel's program all about TRUCKS!](#)

## No More Quarantine for Returned Library Items!

### What Does That Mean For YOU?

You will no longer have to wait a day or two for your returned items to be checked in and removed from your account. Also, high demand materials will move more quickly through our system so we will all get our requested books and movies a little bit faster! Three cheers for that!

## Celebrate Earth Day by Reading an Earth-Friendly Book!

*How to give up plastic : a guide to changing the world, one plastic bottle at a time*

by Will McCallum

"An accessible guide to the changes we can all make--small and large--to rid our lives of disposable plastic and clean up the world's oceans. It takes 450 years for a plastic bottle to fully biodegrade, and there are around 12.7 million tons of plastic entering the ocean each year. At our current pace, in the year 2050 there could be more plastic in the oceans than fish, by weight. These are alarming figures, but plastic pollution is an environmental crisis with a solution we can all contribute to. How to Give Up Plastic is a straightforward guide to eliminating plastic from your life. Going room by room through your home and workplace, Greenpeace activist Will McCallum teaches you how to spot disposable plastic items and find plastic-free, sustainable alternatives to each one. From carrying a reusable straw, to catching microfibers when you wash your clothes, to throwing plastic-free parties, you'll learn new and intuitive ways to reduce plastic waste. And by arming you with a wealth of facts about global plastic consumption and anecdotes from activists fighting plastic around the world, you'll also learn how to advocate to businesses and leaders in your community and across the country to commit to eliminating disposable plastics for good"
