

## Rockhounding in Tillamook County

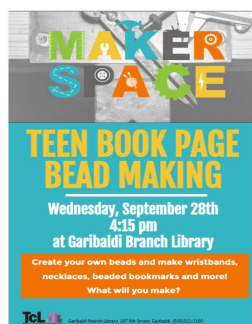

Join us and local rockhound, Ray Robinson, on September 15th at 2:00pm, as he describes his mineral collection and recounts his adventures in Tillamook County to find them.

## Friday Flicks

Join us on Friday, September 16th at the Tillamook Main Library for a movie! We'll be watching 'A Beautiful Mind' (rated PG-13). This is a Ron Howard film about John Nash, the Nobel Prize-winning mathematician starring Russell Crowe.

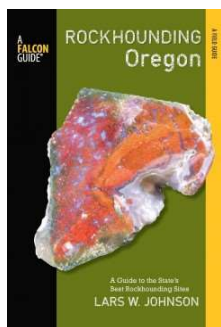

## Teen Bead Making at Garibaldi

Want to learn how to make your own, one-of-a-kind beads? Join us on September 28th at 4:15pm and make beads, wristbands, necklaces, beaded bookmarks, and more!

## Want to Learn More? Check Out These Reads!

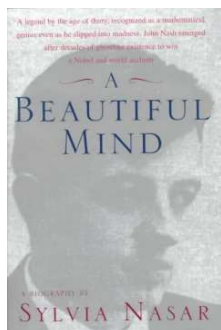

### ***Rockhounding Oregon : a guide to the state's best rockhounding sites***

by Lars W. Johnson

This book provides detailed directions and GPS coordinates to the best rockhounding sites in Oregon, with valuable tips on what tools to bring and how to conduct your search. Comprehensive lists of minerals or fossils for each site and excellent color photos will help you know what to look for and to identify what you've found.

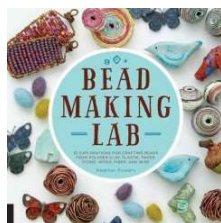

Look forward to an updated and revised edition coming in October!

### ***A beautiful mind : a biography of John Forbes Nash, Jr., winner of the Nobel Prize in economics, 1994***

by Sylvia Nasar

Presents the dramatic story of John Forbes Nash, Jr., a mathematical genius who, at the age of thirty-one, suffered a breakdown and was diagnosed with schizophrenia, until a dramatic remission of his illness thirty years later restored his sanity.

### ***Bead making lab : 52 explorations for crafting beads from polymer clay, plastic, paper, stone, wood, fiber, and wire***

by Heather Powers

Bead-Making Lab is organized by material, and single-spread lab tutorials for each bead design make the book simple to use. The tutorials are brief, accomplishable, and rewarding. Choose from traditional materials like paper mache and polymer clay, or opt for new materials such as resins and shrink plastic. Once you've selected your medium, follow the lab instructions for the bead-making technique of your choice. Try a new technique each week! With how-tos including molding, carving, painting, gluing, drilling beach glass and pebbles, and creating fiber-art beads with felting and embroidery, you'll have a year of unique projects ahead of you. Bead-Making Lab also offers ideas on how to turn your beads into jewelry and gives you a sneak peek at some contemporary bead artisans' best work.

## Did You Know...

The library has an archive room? In this room we keep the few remaining copies of local newspapers like:

- Bay City Examiner from April 12, 1918
- Wheeler Reporter from July 7, 1921
- Nestucca Valley Enterprise from January 8, 1920

But these aren't all we have! Come in and ask about the other local papers we have. You may even need to use the microfilm reader!
