

## Everything You Need to Know About Placing Holds on Library Materials

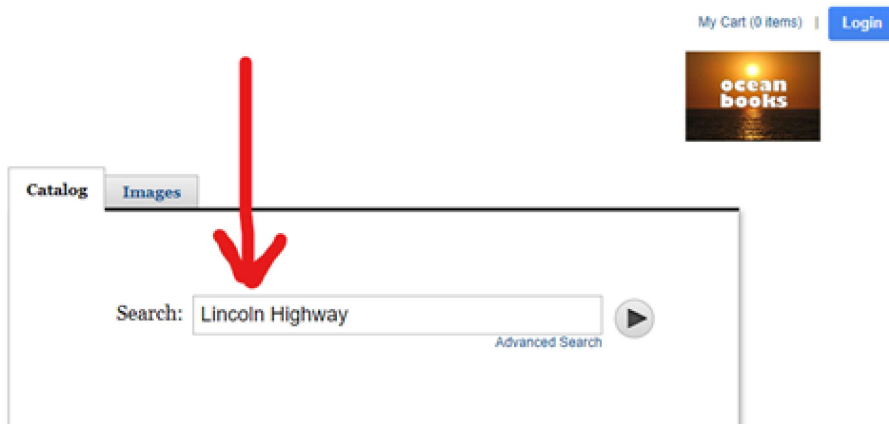

### If you want the hottest new books...

...you just need to follow these simple steps. It is super easy. You just need to know your library card number and your PIN. If you have forgotten your PIN, a librarian can help you out!

Right now, the most popular book in our system is *The Lincoln Highway* by Amor Towles. There are currently almost 40 people waiting to read this book! But don't worry, we have six copies. But you need to get your name put on the list if you want to read it soon. The first step is to go to our library website or catalog. You can click on the library logo to the left for a shortcut to <https://encore.oceanbooks.org/>

Once the library catalog opens up, you will be prompted to type in the title of the book (or other library items) you are looking for. It should look something like the illustration below.

The catalog will then show you what is available. You then want to click on whichever item you want, noting that this title is available in a regular BOOK format, and electronic resource (audio book), or a large print copy. (Pro tip...there is often a shorter wait for large print versions!)
