## Author Cheryl Gill Visits Tillamook!

Join author Cheryl Gill at the Tillamook Main Library on Saturday, March 2nd at 1:00pm.

Cheryl will be discussing her book, [A very simple estate planning guide that goes beyond creating a will](#). She will share important estate planning knowledge, and go over everything you need to know to take the confusion out of preparing and moving forward with a plan to protect what matters to you most.

Want to check out Cheryl's book? The summary for, A very simple estate planning guide that goes beyond creating a will, is: "You know you should have a will but how do you know when it's the "right" time for such a thing? Is it when you get married? Have children? Own a house? Retire? When is it? And what the heck is estate planning? The news shows us every day that people of all ages die or are impaired, either temporarily or permanently, by unforeseen and sometimes unimaginable events. And sometimes it's just life itself, like a fall, an infection, a disease. Think about that. Your life can be drastically changed or ended any day, at any age, by something you have no control over. This book will empower you to take control where you can over many important areas in your life. You will learn about your medical care, finances, property, and even personal topics that are often overlooked. Topics that can impact not only you and your loved ones while you are living, but also after you're gone. It will empower you to make decisions now, so others don't decide for you later. And the best part: you don't even have to call it estate planning. Call it your life plan, your legacy plan, your family plan. Call it whatever you want! It's your plan" (summary from Amazon.com).

## Dust

### **Dusti Bowling**

After Avalyn nearly died from an asthma attack, her parents moved her to the fresh, dry air of Clear Canyon City, Arizona. And for the last ten years, she's been able to breathe. That is, until Adam shows up. Quiet and disheveled, Adam is an instant target for the bullies who have plagued Avalyn and her friends. As Avalyn gets to know him, she begins to suspect that the sudden, strange increase in dust storms around town is somehow connected to his emotions. She thinks his problems may be even worse at home, especially when massive black walls of dust start rolling in after the school day. Will she find a way to stand up for her new friend? Her life may just depend on it.

## Elf Dog and Owl Head

### **M.T. Anderson, illustrated by Junyi Wu**

"Clay has had his fill of home life. A global plague has brought the world to a screeching halt, and with little to look forward to but a summer of video-calling friends, vying with annoying sisters for the family computer, and tuning out his parents' financial worries, he's only too happy to retreat to the woods. From the moment the elegant little dog with the ornate collar appears like an apparition among the trees, Clay sees something uncanny in her. With this mysterious Elphinore as guide, he'll glimpse ancient secrets folded all but invisibly into the forest. Each day the dog leads Clay down paths he never knew existed, deeper into the unknown. But they aren't alone in their surreal adventures. There are traps and terrors in the woods, too, and if Clay isn't careful, he might stray off the path and lose his way forever." -- Goodreads.com
