

NO MOWING AGREEMENT

We the owners of the below described property desire the Tillamook County Public Works Department to not include the Right-of-Way adjacent to this property in the vegetation control work performed by county forces.

We agree to post approved "No Mowing" signs at **both ends** of the property frontage covered by this agreement, **in conspicuous locations easily seen by the County mowing operators in the roadway.**

We agree to maintain the mowing and trimming of trees, brush, moxious weeds and other vegetation in the Right-of-Way normally controlled by the County mowing operators.

We agree that, should the above mentioned vegetation be not adequately controlled, or that the signs are not conspicuously posted, this agreement shall be deemed null and void.

We further agree to hold Tillamook County harmless from any damage to life or property arising from any vegetation control measures we use in fulfilling this agreement.
